10. [] Met with Mr. Samuel Archibald, Staff Director, House Foreign Operations and Government Information Subcommittee, who indicated that the Subcommittee had not been able to meet yesterday for their scheduled meeting due to lack of a quorum. He also indicated in confidence that there may be some problem of the committee meeting next week. The thrust of the conversation was to the effect that there may be some possibility that the committee not order the publication of the report on the polygraph hearings. The report as written is not what the chairman desired and in the absence of a regular meeting by the committee, there does not appear to be any committee member pressing for publication of the report at this time. ✓
